Your creative future awaits

- fine art
- ceramics
- fashion
- textiles
- glass
- 3D design
- printmaking
- illustration
- graphic design
- character design
- digital arts
- critical & contextual studies
- and more

Many of our past students have gone on to successful careers in the creative industries including employment as fine artists, graphic designers, fashion designers, photographers, jewellery designers, ceramicists, product designers, art and design teachers, tattoo artists and more!

Entry Requirements

4 GCSE passes (Grade C or above) to include Art or an Art related subject (e.g. Moving Image Arts / Design) and a portfolio of work or equivalent*. All applicants are interviewed and should present a portfolio of recent work which demonstrates creative ability and potential in the area of art, design and craft. * see prospectus

This can include evidence of drawing, painting, making, designing, digital artwork, sketchbooks, loose sheets, prep work, models and finished pieces (or photographs if they are too large to bring) created during your art and design studies and other related subject areas e.g. Design Technology / Moving Image.

UAL Level 3 Diploma / Extended Diploma

Creative?

Ever thought how good it would be to spend all your time on the subject you love the most rather than dividing up your time with a range of different ones? If you are someone who would love a job in the creative industries and are passionate about your art and design studies above all else, then this course could be just perfect for you!

It's been designed by the University of the Arts London Awarding Body to provide the skills, knowledge and understanding students need to progress to degree-level study and employment.

Love designing?

Fine Artist, designer or maker? This course is designed to bring out the best in creative students and to build up their skills and confidence. Our annual Creative Show lets the public see the amazing work our students do.

This course is an exciting alternative to 'A' level study that gives students a much broader art and design education due to the wide range of specialist areas on offer, some that students may never have tried before.

Why study an Extended Diploma?

- Equivalent to 3 A Levels in Art & Design
- No more exams. Assessed entirely through coursework.
- Focus on the subject you want to learn. No more splitting your time with subjects that don't interest you.
- A timetable full of art and design related classes and activities.
- A dedicated studio workspace and display area for your work.
- A multi-skilled teaching team offering a wide range of creative pathways.
- Fantastic resources, workshops and studio spaces equipped with the latest technology.
- UAL offers students the opportunity to choose and write their own Final Major Project.
- Exhibit your work to the public in our annual Creative Show exhibition.

How does 3 'A' Levels in Art & Design Sound?

This UAL qualification is assessed through coursework which allows you to monitor your progress. It helps you build up a significant portfolio of work to allow you to progress to Further or Higher Education or employment. You'll learn about the career options available within this exciting industry.
